KAGO rail contact clamps / KAGO instant cable fastenings / KAGO welding, screwing & grounding fittings

KAGO Grounding Fittings

	<u>Article No.</u>	
Roof drainage pipe clamp (Cu bright) for \varnothing 70-120 mm.	210K	
Gutter collar-type clamp (Cu nickel plated).	211K	
Clamping plate (Cuprodur or hot-dip galvanized) for Cu wire \varnothing 7 mm & Cu cable 35 mm ² for grounding connection 255Kf. (without figures: for Cu wire \varnothing 10 mm & Cu cable 50 mm ²)	255.1Kc / 255.1Kf (256.1Kc / 256.1Kf)	
Grounding connection (hot-dip galvanised or rough) for Cu wire \varnothing 7 mm & Cu cable 35 mm ² . (without figures: for Cu wire \varnothing 10 mm & Cu cable 50 mm ²)	255Kf / 255Kr (256Kf / 256Kr)	
Grounding set (hot-dip galvanised) for wire mesh fences, length 1.05 m. (without figures: 1.25 m, 1.55 m, 1.85 m, 2.05 m)	30KV (31KV / 32KV / 33AKV / 33KV)	
Pipe post grounding set (hot-dip galvanised), for pipe diameters 25 to 60 mm, solid design.	34KV	
Pipe post grounding set (Cu) for 1", light design. (without figure: for 3/8", 1/2", 3/4", 1 1/4", 1 1/2", 2", 2 1/2")	34.1K (34.3-8K / 34.1-2K / 34.3-4K / 34.11-4K / 34.11-2K / 34.2K / 34.21-2K)	
Pipe post grounding set (Cu) universal for 3/8" - 2". (without figure: universal 1 1/2" - 4")	34.3-8-2K (34.11-2-4K)	
Grounding set for vehicles & machines, consisting of KAGO rail contact clamp, screwing clamp and highly flexible grounding cable (cross-section & length selectable).	made-to-measure (according to customer's requirements)
